Proposed Legislation

[1] China's first national standard for enterprise intellectual property management to be implemented on March 1 Chinese

[State Intellectual Property Office]

...Recently, the Standard for Enterprise Intellectual Property Management (hereinafter referred to as the "Standard") which is drafted by the State Intellectual Property Office and promulgated upon approval of the General Administration of Quality Supervision, Inspection and Quarantine and the National Standardization Management Committee. The Standard is China's first national standard for enterprise intellectual property management and will be implemented on March 1.

The core purpose of the Standard is to enhance the capability of enterprise intellectual property management. The Standard comprises 9 chapters and includes contents mainly on the scope of the standard for enterprise intellectual property management, normative citation of documents, terms and definitions, enterprise intellectual property management system, management responsibility, resource management, and so forth.
